

**Saturday and Sunday, 15 and 16 May 2010**

in the Congress Center of the Fair Vienna
2st International Fair for Coins,
Banknotes and Bonds

Dear Sir or Madam,
dear colleague,

You are cordially invited to the **2ND NUMISMATA in Vienna**, Austria on 15 and 16 May, 2010.

The astonishing great success of the first NUMISMATA Vienna last year evidences that the famous specialised coin fair from Germany has set up a new numismatic meeting point also in Vienna. This year the NUMISMATA will be held for the second time in the heart of the former Habsburg Empire.

Due to the geographic location many interested visitors in particular from Austria, Germany, Hungary, the Czech Republic, Slovakia, Slovenia, Poland, and Italy are expected. Therefore the NUMISMATA in Vienna builds a bridge for numismatists from Eastern and Western Europe. The Congress Centre of the Reed Fair Vienna, on Messeplatz 1, close to the leisure park Prater, is an ideal place for a further development of classical and modern numismatics in Europe.

If you are interested to participate in the fair as an exhibitor or a professional buyer please complete the application form at the latest by the beginning of March 2010.

Afterwards we will send you the receipt confirmation by mail, and after having planed your stand location the invoice and further information. Please observe General Rules and Regulations for Participants of the NUMISMATA!

We look forward to welcome you at the NUMISMATA in Vienna!!!

Yours sincerely,
NUMISMATA International Team
